Summary

I am a highly motivated and dedicated web developer with a strong passion for creating engaging and user-friendly websites using Laravel and following the MVC (Model-View-Controller) guidelines. I have several years of experience as a WordPress designer, but now I am transitioning to Laravel development. Despite having no professional work experience, I have developed several projects using Laravel, HTML, CSS, and Bootstrap, all while adhering to the MVC architecture. I have a strong understanding of web development best practices and user experience.
